

Lepal Bimaterial Upholstery

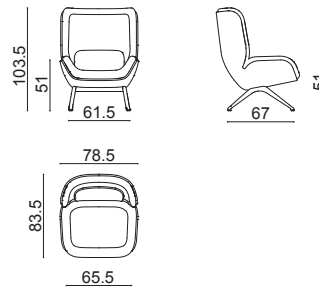

Design by Doshi Levien, 2024

Art. 7703

Lounge chair with a solid wood base equipped with height-adjustable glides. Shell consisting of a wraparound polyurethane outer panel and inner cushions. The outer panel and the inner cushions are upholstered with different materials in specially designed combinations. The upholstery of the panel and cushions can be separated and replaced by technical personnel, since it is applied without the use of glue.
